THE JOURNEY

Tarangire, Ngorongoro and the Serengeti — for two

A private honeymoon safari on Tanzania's northern circuit, in two lengths. The six-day option moves from Arusha through Tarangire to the Ngorongoro Crater and on to the central Serengeti, flying out from the plains. The nine-day option adds two nights in Tarangire and finishes in the northern Serengeti on the Mara River, where the crossings happen. Both are built for two: your own vehicle and guide, sundowners, and honeymoon touches arranged at the camps.
